2023 - Annual Security Report Notification

Schools must publish and disseminate an annual security report by October 1st of each year. The annual security report includes the crime statistics reported to the U.S. Department of Education and related institutional policies or procedures for victims or witnesses to report Clery Act crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. The report also includes current policies regarding emergency response and evacuation procedures, the school's programs to prevent dating violence, domestic violence, sexual assault, and stalking, and the school procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking.

The school will provide a paper copy of the annual security report upon request.
